

Air Vehicle Integration IPT

21 June 2011

Description of Tasking

- Responsible for:
 - Power
 - ICS
 - Cockpit Monitors
 - ASP
 - Wiring
 - Procedures
 - Inputs to other IPT's
 - Final Integration

Present Accomplishments (weekly)

- Supported Several Meetings Concerning Procurements
- Requested A List From All IPT's For Items That They Want Air INT To Order and Work
- Environmental and loads spread sheet issued to provide specs for equipment

Issues

- GVT results and allowable weight in the tail
- Power and heat value spreadsheet – need input
- Responsible For Documentation For PDR
- Since We are Planning A Trip To DEA, Shouldn't We Host The PDR At Crane

(b)(3)
